

Gaming microSD for game consoles

microSDXC I A2 V30

Get the most out of your handheld console with Exascend's Gaming microSD card, designed to provide optimal performance for your gaming device.

With speeds up to 175 MB/s, A2 application performance and V30 video speed class, you can enjoy smooth gameplay and lag-free gaming.

Level up, game on

With Exascend Gaming microSD, you can play your favorite games on a variety of popular handheld gaming devices.

V30 Video Speed Class

Exascend Gaming microSD guarantees sustained write speeds of 30 MB/s, perfect for securely saving game data.

Up to 1 TB room for your games

Exascend Gaming microSD is available in capacities of 512 GB and 1 TB, giving you plenty of room to store all your game titles and records.

Never feel a lag with A2

A2 rated for application performance, Exascend Gaming microSD allows for quick app launch times, ensuring a smooth and immersive experience.

Limited lifetime warranty

We are in it for the long haul and always stand behind our products. This commitment reflects in Exascend's generous lifetime warranty.
